

## Highlands Sports Car Club Annual Tech Inspection Request

In order to receive an Annual Tech Sticker (ATS), your vehicle must be presented to a Tech Inspector at a time convenient to them. Tech Inspectors will be checking the standard requirements for our regular tech inspection, but may be more diligent and stricter. Tech Inspectors will also verify that your vehicle has been classed accordingly.

Please note that any major repair or any modification to the vehicle will require a supplemental check as well. It is also your responsibility that the vehicle is properly maintained and it meets all safety requirements while attending a HSCC event. An ATS is a privilege and may be revoked by the Board or Tech Inspectors for failing to have your vehicle re-inspected, if needed, or maintaining the vehicle to proper safety standards. Roaming inspections may happen at anytime.

To assist Tech Inspectors, please provide the following information:

<b>Name:</b>	<b>Car Number:</b>	<b>Class:</b>	<b>Date:</b>
<b>Vehicle Year:</b>	<b>Vehicle Make:</b>	<b>Vehicle Model:</b>	<b>Color:</b>
<b>List All Modifications Below:</b>			

I, \_\_\_\_\_ agree that the information I have provided is true to the best of my knowledge. I also agree that it is my responsibility to maintain my vehicle to a standard that meets the safety requirements of the tech inspectors. My annual tech will expire at the end of the year it was issued. I state that I have been a member in good standing with HSCC for a minimum of 2 years.
